

GO BEHIND THE SCENES

SOME THINGS YOU JUST HAVE TO SEE TO BELIEVE!

YOU ARE INVITED TO ATTEND CLOACINA'S BEHIND THE SCENES TOURS! WE OFFER THREE DIFFERENT TOURS TO HELP MEMBERS OF THE PUBLIC EXPERIENCE THE CLOACINA DIFFERENCE AND SEE WHAT SETS OUR PACKAGE WASTEWATER TREATMENT PLANTS AND COMPANY APART FROM OUR COMPETITORS.

THE IN-PERSON MANUFACTURING FACILITY TOUR CAN INCLUDE:

- Visiting our factory located on California's picturesque Central Coast
- Seeing multiple projects in various stages of production on the factory floor
- Scheduling your tour so that you can see your plant during construction
- Showing your team the innovative operations and maintenance features of our plants
- Meeting the Cloacina Team
- Touring an installed Cloacina plant in a local, densely-populated beach town, allowing you to see and smell it for yourself

THE VIRTUAL MANUFACTURING FACILITY TOUR INCLUDES:

- All of the tour options available in the in-person manufacturing facility tour without having to leave your desk
- Invite your team members located around the globe
- Tour times scheduled at your convenience
- Recordings of the tour to share with your team at a later date

THE INSTALLED CLOACINA PLANT TOUR INCLUDES:

- Touring an installed and fully operational Cloacina winery, municipal or industrial plant
- Witnessing the sounds and smells associated with a Cloacina plant firsthand
- Seeing how Cloacina plants stand the test of time after varying years of field installation and operation
